

## Battle Smash: Vs. the Saucer-men from Venus

The SAUCER-MEN FROM VENUS are laying waste to London (its like since they built that giant Millennium Ferris-wheel-type thing, the place has just been a magnet for trouble). But all is not lost, the worlds greatest team of Lucha-based, non-super-powered, implausibly muscled and ALWAYS masked heroes are on the job. GO TEAM BATTLE SMASH! Its time for the humans to fight back and Johnny Alien is about to have a whole world of smack-down rain-down on his head. But everything is not as it seems, and soon the team must face a homegrown villain by the name of EVIL DOCTOR BRAIN (no, seriously, thats his name I know, right? What WERE his parents thinking?)
