

Madburger

After surviving 10 mad years in publishing, Stripburger is proud to present another special, all-English edition. This time the subtitle is Comics Questioning Sanity, with fresh, radical, non-moralizing and even humorous submissions that will hopefully shatter the taboo called Madness. Covered by a brainstorming painting by Matthias Lehmann, this volume is filled with stories about living with madness, madness as a blind belief system, mad society, medical treatment and other acute psychotic phenomena.
