

Shouting at the Stars (Sharp Shades)

Layla is a young singer who is just hitting the big time. With all of the excitement of her growing fame comes the eerie presence of an unknown heckler who begins to follow all her performances. Who is he, and why is he doing it? And, more importantly, how can she make it stop? This new series features popular stories from the Shades series that have been reduced in length and complexity to provide a gripping, achievable read for less able or reluctant readers.
