

Verlindens Showcase No. 5

This fifth volume in Verlindens popular SHOWCASE series is a special edition featuring the unsettling realism of the dioramas of German artist Andreas Nossmann. This modeler, who plies his trade as a self-employed artist, has developed an uncanny ability to bring his models to life in his dioramas. Six fully executed dioramas and one chilling vignette featuring a 200mm figure conversion grace the pages of this book with stunning detail and realism. Nossmann is an inspiring artist that has been granted the acknowledgement he deserves through this fine book, which belongs in the collection of every scale modeler and artist.
